Curodont™ Repair Fluoride Plus

V VARDIS

In-office fluoride treatment

This simple, unique brush-on system treats early caries through Guided Enamel Remineralization. Its patented formula allows minerals (like fluoride, phosphate, and calcium found in the saliva) to diffuse into white spots.

- Works on all surfaces.
- No injection or drilling!
- Naturally preserves the tooth.
- Non-staining, pain-free and tasteless.
- One-time easy application.
- Lost enamel is rehardened and remineralized over a few weeks.
- Suitable for all patients, including children.
- 1 box with 10 applicators can treat up to 30 lesions.
